

## HIGHWAY SYSTEM IN HOUSE BILL

Complete New State Road Department Is Provided For—The Legislature

Frankfort, Feb. 18.—The Hudson minimum wage bill received a favorable report and while being read into the calendar, was killed in the House this morning on a motion of Representative Bryson, of Covington, to recommit. A motion to reconsider was then laid on the table and the bill cannot again come up.

Frankfort, Ky., February 18.—Bills providing for raising millions of dollars in revenue and for spending this revenue were passed by the House late Tuesday.

The measure of Representative J. Wood Vance, imposing a tax of 50 cents a gallon on whisky, passed the House, 73 to 4. Members voting against it were Representative H. C. Duffy, Johnson Kimbrough, and J. M. Knott. It is estimated that the bill will bring into the state treasury between \$17,000,000 and \$20,000,000. Seventy-five per cent of this money will go into the road fund and 25 per cent into the general fund to pay the state debt.

The measure, which was passed by the House 57 to 3 and which is intended to cause such a large expenditure of money, is the good roads bill, providing for construction of a system of highways of approximately 3,000 miles.

Under the bill a state highway commission is to be formed of four members, to be appointed by the Governor, two of whom shall serve for two years and two for four years. Members are to be appointed from four districts and must be selected from the two dominant parties.

The chief officer of the department is to be a state highway engineer, who will be appointed by the commission. The present Commissioner of Public Roads is to hold office until July 1. The State Highway Engineer will receive an annual salary of \$5,000.

The bill establishes a primary system of state highways which will give to each main thoroughfare and which sets out 54 projects for a proposed road, extending from the Mississippi River on the north and to the Tennessee line on the south.

The second bill to be passed by both branches of the Legislature was adopted by the Senate today. It was the bill of Representative Huntsman prohibiting the use of advertising signs similar to railroad warning signs at railroad crossings.

In the House a revenue-producing bill was introduced by Representative Huntsman. It imposes the following licenses tax, Hotels, 50 cents for each room, minimum tax not less than \$10, trading stamp companies, \$250; cigarettes, wholesale dealers or jobbers, \$50; billiard and pool tables, \$30 for first table and \$5 for each additional; soft drinks, \$50; lemonade, \$10; railroad eating houses, \$15; dealers in patent and proprietary medicine, \$25; restaurants \$10; real estate agents, \$10; shooting gallery, \$5 retail dealers in soft drinks and ice cream, \$10; theatres, 10 cents a seat a year, minimum tax \$10; gasoline filling stations \$10; garages, \$15; garages and gasoline filling stations combined, \$20 each additional tank, \$5; automobile agents, \$10.

Democratic members of the House put the Republican majority squarely on record as opposed to reducing the state tax rate on, and took advantage of the occasion they had made to drive home the point with a quotation from the Republican state platform.

The occasion presented itself when an adverse report was made on the bill of Representative J. H. Thompson to reduce the tax rate on real estate from 40 cents to 25 cents. A similar report was made on the Thompson bill to assess intangible property 30 cents and bank deposits 10 cents for local school purposes, and the Humphrey bill to locally tax farm implements, manufacturing machinery and raw material in process of manufacturing, exempting \$500.

The House decline to advance the bills to their first reading.

If the coffee isn't good, it spoils the whole meal. Make sure that your meals will all be top-notch by using Rookwood coffee. Worth lots more but sold at about the same price as just ordinary coffee. D. E. McKinney & Co.

### CARD OF THANKS

We wish to thank our friends who were so kind during the illness of our daughter and sister, Mary Scott. The family.

## WANT NORMAL SCHOOL IN LAWRENCE COUNTY

Bill To Be Offered In Legislature Which Would Affect Local Institution

Here's one development of the inability of Eastern Normal students to find sufficient rooming accommodations in Richmond. A dispatch from Frankfort says that another means of bettering educational facilities in Eastern Kentucky and to provide against the increasing shortage of teachers in that section, members of the Legislature desire to see a bill passed establishing a State Normal School at Louisa, in Lawrence county. A bill establishing such a school and setting aside for its support the same amount as is allotted to other state normal schools—five-eighths of one cent on \$100 of property—will be introduced within a few days by Senator Brig M. Harris, of Ashland.

The additional normal school is recognized by educators of the State and State Superintendent of Public Instruction Colvin has given his indorsement to the bill. The proposed school would be called the Eastern Kentucky Normal School and the institution at Richmond now bearing the name would be called "Central State Normal School." Senator Brig Harris, who has drawn the bill, is a former school teacher and county superintendent and has actively supported the educational program of Superintendent Colvin and the Kentucky Educational Association.

SAYS SOCIALISTS DO NOT SEEK SOVIET HERE

Albany, N. Y., Feb. 18.—Socialists in the United States are not Bolsheviks but social democrats of the Marxian school, declared Morris Hillquit, socialist leader, testifying today at the trial before the assembly judiciary committee of the five suspended socialist assemblymen charged with disloyalty. In connection with the charge that American socialists sought by revolution to impose the Soviet system upon the United States, Hillquit asserted that to say the Soviet system would be appropriate in this country, so much more highly developed than Russia, would be "infantile."

Meanwhile American socialists according to Hillquit, had decided to be a party to remodeling the third "Moscow international."

Charges of Profiteering Against Big Merchants

Louisville, Feb. 18.—Three Louisville merchants, including Granville R. Burton and H. P. Selman, appeared before the United States Commissioner here today to answer to warrants charging them with making unduly large profits in the sales of merchandise.

Hines To Law Again

Washington, Feb. 18.—Director General Hines said today he hoped to see the work of liquidating railroad affairs reach such a point he will be justified in retiring from the Railroad Administration about May 1st. Hines said while he has not definitely decided on his future course, he probably would resume the practice of law in New York.

General Mickle Dead

Mobile, Ala., Feb. 18.—General Wm. K. Mickle, Adjutant General of the United Confederate Veterans, died here today, aged 74.

Word has been received of the death at El Paso, Texas, of Dr. J. F. Williams, distinguished Baptist minister, who graduated from Georgetown College in 1885.

Mrs. Jack Lafon, of Harrodsburg, has received a message that her son, John, has arrived safely at Rangoon, where employed by the British government.

### American Legion Meeting

Members of American Legion and ex-service men take notice! Wake up! There will be a big meeting of the American Legion at the court house Saturday night at 7:30. If you are a member come; if you are not a member come and join. But Come.

H. D. RICE, Post Com. SPEARS TURLEY, Adj.

## THE WEATHER

Fair and much colder tonight; Thursday partly cloudy and warmer in west portion.

## PLAN TO STABILIZE RAILROAD WAGES

(By Associated Press) Washington, Feb. 18.—Wages established by the railroad administration during the war would continue in effect until September 15. One under the railroad reorganization bill conference report which was presented today to the House and Senate under the wage provision redrafting which caused more surprise in Congress than any other change may be compromising the Esch bill of the house and the Cummins bill of senate, the pay of railroad employes would be stabilized at present levels for seven months after the rail properties are returned to private operation.

## FOLLOWS BROTHER TO GRAVE WITHIN WEEK

Friends will be grieved to learn that Nell Boswell, aged 17 years and nine months, died at the College hospital in Berea, Monday, Feb. 16th, of measles. She was laid to rest in Berea cemetery by the side of her brother, Jack, who preceded her to the grave just one week. Services were held at the grave by Rev. Hudspeth. She leaves to mourn her loss, a father, one sister, age 13 and three small brothers; also a host of other relatives as well as friends.

Nell was a sweet Christian character and a member of Glade's Christian church. She will be sadly missed in the home where she dutifully acted as mother to the little ones, their having been a motherless home for almost two years.

### Another Ford Move?

If this is so, Richmond may benefit. A Frankfort dispatch says that the Ford Motor Company is believed to be planning a gigantic system of combination hotels and garages throughout the important cities and points of interest along the Dixie Highway. This conclusion is reached from reports from three different Kentucky cities that agents of the Ford company have recently approached owners of property suitable for such places of business, and in one case confined that the property desired for that purpose.

### BERMUDA PLANS FOR THIRSTY AMERICANS

(By Associated Press) Hamilton, Bermuda, Feb. 18.—Posted conspicuously in the lobby of a big hotel is a placard which reads: "Bermuda still has license. We expect our patrons to exercise common sense. We do not care how little they drink; excess will not be tolerated."

Some islanders affect to see a promise of a great future founded on the dollars of American tourists who, they believe, will flock hither as to an oasis. Others, lool' with apprehension on the prospect. Meantime the conduct of the tourists is being watched with an unusual degree of interest.

Some among the new arrivals do not hesitate to say that they made the trip largely in expectation of throwing off the restraint of their homeland.

"We come here to seek freedom," declared a new arrival as he planted his feet against the brass rail of the British flag; wherever the Union Jack waves one can take a drink unmolested.

A companion who ventured to call his attention to the state of affairs in Newfoundland and certain Canadian provinces where the British flag waves over bone-dry regions, was pooh-poohed.

### FAYETTE LAWYER IS JAILED FOR CONTEMPT

Lexington, Ky., Feb. 18.—J. Frank Wallace, a member of the Fayette bar, was fined \$3 and given a jail sentence of six hours by County Judge F. A. Bullock for alleged contempt of court. He paid the fine and served his sentence. Mr. Wallace was charged with assault and battery by J. W. Beveridge. A hung jury resulted at his trial February 6, and martial law in the city prevented trial until this morning. Mr. Wallace is said to have come into the court twenty minutes late and told Judge Bullock that he could not get a fair trial in his court, as a conspiracy against him existed for the purpose of ruining him, partly because he came from the North. The trial was passed until 10 o'clock Thursday morning.

## TO HELP HIM RECOVER HIS BUSINESS

On many letterheads now in circulation in England, a design, consisting of a "tin hat" with crossed rifles and a laurel wreath, is printed or engraved. This is to inform that the sender belongs to the ex-Service Professional and Commercial association, formed to protect the interests of those who had "one-man businesses" and who responded to the call of the colors, and who on their return, find themselves faced with the necessity of rebuilding their fortunes.

## McADOO SAYS HE'S NOT A CANDIDATE

(By Associated Press) New York, Feb. 19.—Wm. G. McAdoo announced today that he would not permit his name to be used on presidential primary ballots in various states and that he advocated sending unimpaired delegates to the Democratic National Convention. The former Secretary of the Treasury said he believed the highest constructive leadership can be obtained if the national interest "is not submerged in a contest of individual candidacies."

## OVER 7,000,000 LBS. SOLD HERE S OFAR

The Richmond market has now gone about almost to the 7,000,000 mark in the pounds of tobacco sold this season, and the end is not yet. With the weed now on hand and in sight, the local market will easily run over 8,000,000 pounds. Sales were resumed Tuesday.

Supervisor of sales Stone Norman makes the following report of the Richmond market up to Friday, February 13:

Home Loose Leaf Warehouse Co., 4,154,665 pounds for \$2,010,183.23.

Madison Tobacco Warehouse Co., 2,792,010 pounds for \$1,372,265.57.

Total—6,946,675 pounds for \$3,382,448.80; average \$48.69.

### Allies Change Reply

(By Associated Press) Washington, Feb. 19.—The reply of the Allied Supreme Council at London to President Wilson's note on the Adriatic situation was received today at the State Department from Ambassador Davis. It was indicated that not even a summary of the reply would be given out. While awaiting for the note to be decoded, officials noted from London dispatches, that the reply was said to have been a modification of the original prepared last Saturday.

## ASPIRIN FIRST KNOWN IN 1900

The Bayer Company Introduced Aspirin To Physicians 18 Years Ago

If you want the true, world-famous Aspirin, as prescribed by physicians for over 18 years, you must ask for "Bayer Tablets of Aspirin."

The "Bayer Cross" is stamped on each tablet and appears on each package for your protection against imitations.

In each package of "Bayer Tablets of Aspirin" are safe and proper directions for Colds, Headache, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Neuritis, and for Pain in general.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoceticacidester of Salicylic acid.

## BIGGEST PEACE-TIME BUDGET ON RECORD

(By Associated Press) Washington, Feb. 19.—Abolishment of nine subtreasuries, the offices of 13 general surveyors and two assay offices is proposed in the legislative appropriation bill reported today by the House appropriations committee. A reduction of \$18,000,000 from department estimates for clerk hire and miscellaneous expense was made but the total of \$104,000,000 is one of the largest peace-time legislative appropriations on record. Several unusual items, including \$42,000,000 for collecting internal revenue taxes and enforcement of national prohibition, \$11,000,000 for the War Risk Insurance Bureau and \$5,000,000 for the decennial census largely account for the high total.

## "RED" ASSOCIATION TO MEET SATURDAY

The Berea Rhode Island Red Poultry Association will have their first meeting and election of officers for 1920 at Berea Saturday, Feb. 21st. Mr. R. C. Coomer, President of the Association will give a grading and packing demonstration and plans for future work of the association be discussed.

Mr. Chaplin the chicken specialist from the A. and M. College at Lexington will be present and all who are at all interested in this branch of extension work should be present and hear him.

The Berea Association was the first "Red" Poultry Association to be organized, Maysville following last year, and County Agent Robt. F. Spencer has done all he could to get the people to take hold of this forward move, and is planning to have the Regds. "Go over the top" again this year.

### COLLEGE HILL

Friends here regret very much the serious illness of Nellie Burch, the pretty little daughter of Mr. and Mrs. A. D. Howard, of Estill county. She was taken to the Gibson Infirmary Friday for treatment.

Mrs. Nancy Edwards, who has been very sick is much improved.

Mr. and Mrs. Joe Guter are visiting Mrs. John W. Hisle in Clark county.

Miss Lucy Norris sold a house and lost last week to Mr. E. A. Bogie. It joins the property Mr. Bogie recently purchased from M. G. W. Webber.

Dr. E. E. Edwards was called here from Irvine last week on account of the serious illness of his mother, Mrs. Nancy Edwards.

Mrs. Elizabeth Burton has returned from a month's visit to Mrs. Guy Bills at Paris.

Freight Wreck On L. & N.

On account of a freight wreck, in which 14 cars were ditched between Sinks and this city several passenger trains detoured by Rowland Monday night and Tuesday. Nobody was killed in the wreck but the damage was considerable. All trains on that division were late several hours.

The Maryland legislature defeated 1t woman suffrage by big majorities.

## THE MARKETS

Louisville, Feb. 18.—Cattle 150; steady and unchanged; hogs 1,500 75c lower, tops \$14.50; sheep 50; steady and unchanged. Cincinnati—Hogs 25c to 50c lower; heavies dull; Chicago slow; cattle steady.

## CHILDREN ORGANIZE TO MAKE GARDENS

All children in the United States grades 3 to 8, are asked to join the United States School Garden Army. Miss Emilie Yunker, assistant regional director, for Kentucky, addressed the State Normal and the graded schools here Tuesday. Fifty per cent had gardens last year. This year 100 per cent will be enrolled. Insignia denoting the rank of captain, first and second lieutenant, and privates will be worn this summer by the happy gardeners.

These children promised to raise one or more food crops in their back yards or on vacant lots and will report acreage and estimated value of food crops in September. The faculty of the Normal school and Supt. Payne, of the city schools, will co-operate. There is no better way of teaching conservation, industry, and thrift than by encouraging the children to increase the food production.

Our slogan: A garden for every child, every child in a garden. The teachers will receive the garden manuals, posters, sample record cards, and certificates of merit for successful gardeners. In many of the cities, gardening is a definite part of the school work, under the auspices of the Board of Education.

Greatest efficiency is attained where gardens are supervised during vacation. We trust that the good work will be kept up all summer so that the end of the season Richmond may feel proud of the record made by its boys and girls.

## Big Physicians To Talk On Flu Germ

(By Associated Press) Chicago, Feb. 18.—Isolation of the influenza germ will be one of the chief problems before five hundred leading physicians of the United States and Canada, who will be in session here for a week beginning February 23rd, as delegates to the fourth annual convention of the American Congress of Internal Medicine. Progress that has been made during the past year in combating the influenza epidemic will be reported to the Congress by Prof. E. C. Rosenow, of the Mayo Foundation, of Rochester, Minn. Most effective means of curbing these epidemic waves of influenza will be determined upon. The medical department of the United States Navy and the United States Public Health and Marine Hospital Service, will be represented in deliberations.

Clinics will be offered at all leading hospitals during the mornings and regular sessions of the convention will be held in the afternoon and evenings at the Congress. The clinics will cover the entire field of medical practice except surgery and will be directed by physicians of international reputation.

Reject Ship Bids

(By Associated Press) Washington, Feb. 18.—Chairman Payne of the Shipping Board today recommended to the Senate commerce committee, rejection of all bids for the 30 former German passenger ships. Payne asked authority to renew negotiations for sale of the vessels for operation under the American flag.

MRS. BALES SELLS

FAYETTE HOME

Mrs. Joe Bales has sold her beautiful home "Pinehurst", located on the Maysville pike near Lexington, to Mr. and Mrs. Craig, of Paris. She will give possession the first of March and it is understood she has bought the residence property on Heady avenue in Lexington.

Mrs. Furdette Ramsey, of Paint Lick, has been the guest of Mrs. Ellen Wilson on Breck avenue.

At the public sale of mules belonging to John Marr, of Bourbon county, a pair of mare mules sold for \$910, said to have been the highest price realized for mules in that county in many years. Other mules in pairs brought from \$600 to \$750.

MEDICAL MEN TO MEET

The Madison County Medical Society will meet in regular session Thursday, Feb. 19, 1920 in County Jail office. Papers by Drs. Jeff Cowley and Morris J. G. Bos Secretary.

## UNTAGGED DOGS MUST BE KILLED

License Has Been Paid On 1000 So Far In Madison—Farmers Are Complaining

Although there are estimates to be fully 3,000 dogs in Madison county, only a few more than 1,000 have so far been listed for licenses and the tax paid. County Clerk J. W. Maupin. The law requires the sheriff to kill all canines upon which the license is not paid by this time of the year and it is expected the very shortly a wholesale slaughter will begin.

Col. Whitney Cobb, told the Daily Register Monday that he was driving a bunch of cattle of near Red House the other day and they were attacked by five dogs. He said he looked carefully, and not one of the five had license tag on. He says that he can direct the officers just where to go to find these dogs too. Cobb says that because of the licensed dogs that he has been compelled to pay a man \$2 a day for some time, guarding his flock of sheep. He says that there are many other farmers in the county in the same shape, and that they want to see the dog that have not been tagged, killed as the law requires.

County Clerk J. W. Maupin, preparing to have published a required by law, a list of all the dogs and owners in the county that have so far obtained the tags, and in this way those who have paid license on their dog may know who is doing so and who is not.

The legislature now at Frankfort, has a number of "dog laws" before it. There are efforts made at every session of the General Assembly to change the dog laws, but it seems to be improbable any change will be made in the law at this session.

## CAPACITY HOUSE SEES "FRIVOLITIES"

A girly show with lots of good music, fair costumes, and some real fresh comedy, all rather la vaudevillesque, and presented as "The Frivolities of 1920" drew a capacity house at the opera house last night. The real star of the show is Adalina, the beautiful Italian girl, who is a wizard with the violin. Billy Clark with his black-face comedy made a big hit and was repeatedly cheered and the work of Amelia Victoria with her songs and shimmy stuff seemed to strike popular fancy. Lilly Lewis with her classic toe dances, her S. Hopkins dance and other unique dancing was extra good; she is high class performer in her work.

Ralph D. Hertling, who was labelled an eccentric dancer, all of that and then some. He made a big hit. He has the goods in his line, and gave the audience something most of the probably hadn't seen before. Patsey Shelly, the soubrette, has a very capable voice, and her work was appreciated. She was well supported by Oliver Adams.

The show carries a mass of attractive scenery and costumes and the girls in the chorus are well trained in their dance work and songs. We haven't seen any press notices that they advertised as beautiful.

management and the owner of the "Frivolities" are said to Lexington people, and if so, they deserve a world of credit and a pretentious attraction.

Former Consul Dead

### "Inter-Church World Movement"

Are the different branches of the Protestant people of the world allies or enemies?

As a Baptist are you glad or sorry when you hear some great preacher or missionary who is a Methodist?

As a Presbyterian are you glad or sorry when the Campbellites get a million dollars for their College? As an Episcopalian would you start an Episcopal church in a small village where there are three protestant churches already?

The rivalry and hostility of these different branches of the one Church of Jesus Christ have disgraced the cause, wasted the Lord's money, and really brought the progress of the Kingdom to a standstill.

An Inter-Church World Movement is begun to set matters more nearly right. At a recent meeting in Pittsburg, Jno. D. Rockefeller, Jr., the greatest Baptist layman in the world, said:

"If jealousy, suspicion, pettiness are allowed to creep in, this movement will be disrupted. The devil will use all his ingenuity to attack Christianity in this way—from within."

Is it not time for every Christian to pray for the spirit of love and fellowship and unity, so that we may all be more Christlike in spirit, and so that we may all the coming of God's Kingdom on earth in harmony and unity for Earth?—Berea Citizen.

### SPEEDWELL

Mr. John Hord, Jr. and three other boys happened to a very serious accident Saturday night when their buggy turned over and buggy, horse and boys and all rolled down the hill together.

Young Hord drove the horse and buggy over to Mr. Luther Todd's to get Orville and Burke Coomer and George Crook. They came out from Berea with Mr. Todd in a car. All four of the boys climbed into the buggy and started for home. In turning around they failed to turn far enough, on the road and drove over an embankment. The buggy turned over twice. No damage was done except smashing the buggy up considerably. All the boys came out without a scratch and thought it was much fun to pull off such a stunt and no one got hurt.

Mr. Orville Coomer is at home from Cincinnati College.

Mr. and Mrs. Allie Hale are rejoicing over the arrival of a 9-1-2 pound boy.

There is a great deal of sickness in this community. Dr. Coomer is kept busy night and day.

We are sorry to learn of the serious illness of Miss Bertha Hord and hope for a speedy recovery.

Mr. Earl Todd is on the sick list.

Mr. Russell Todd spent the week-end with his parents, Mr. and Mrs. Luther Todd.

Mr. Burke Coomer and George Crook, who attend school at Berea, were at home for the week-end.

Dr. and Mrs. Coomer delightfully entertained Sunday in honor of their son, Orville, it being his 18th birthday. A delicious menu was served in several courses. All reported a lovely time and wish him many more such days. Those who were included in the invitation were Misses Martha Smock and Nanna Bosworth, of Irvine, Helen Smock, Margaret, Eva Rayburn and Bessie Dalton, Messrs. Geo. Hamilton, Russell Todd, John Hord, Jr., George Crook and Burke Coomer. Miss Bertha Hord and Mr. Earl Todd were unable to respond to their invitation.

Mr. Green Whistman made a business trip to Beattyville this week.

## Now All You Good Fellows, Come Fill Up Your Pipes

The Velvet tin is twice as big as shown here

**I**F ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature made for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good tobacco, not "put on" like "frosting" on a cake. Its mildness comes from natural ageing, not from having the life baked out. Its fragrance is true tobacco fragrance, not a perfume. And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,  
Yo' mouth with friendly smoke—  
An' let the old world wag."

## CHANDLER SIX Famous For Its Marvelous Motor

## If You Don't Want to Wait Next Spring, Order Now

**L**AST year's production of the Chandler Six was of record volume and this year's production will double it; but if you don't want to wait for your new Chandler next spring, we would suggest that you order it now.

This year's automobile shows have attracted crowds greater than ever before, partly perhaps because hundreds of thousands of Americans were unable to secure new cars last year. And these great crowds of motor enthusiasts have found no better value in the whole exhibit of six cylinder cars than that which Chandler offers.

Chandler leads so distinctly in the medium-priced fine car field because it does offer such splendid value; because of its really marvelous motor developed through seven years of production in the Chandler plant and seven years' service on the road in the hands of a host of owners; because of its sturdy, dependable mechanical construction throughout the entire chassis; and because of its attractive and comfortable body.

Compare them all, all the sizes, then pick out yours. It will be a Chandler if you ask Chandler owners.

# Save The Children

The mothers of the twentieth century will go down into history as being true patriots. They have tearfully, ungrudgingly and bravely given their own flesh and blood that true democracy might prevail throughout the world and that the strong arm of imperialism should be shattered once and for all.

Now the war is won it can be said, in more ways than one, that it was won by the mothers of the country.

But you mothers, who sent your dear boys "over there" to fight for world wide liberty, also have a duty to perform with reference to the babes in your arms and your sons and daughters of tender age.

Do you know that not very long ago at the Y. M. C. A. at Kansas City, fifteen hundred boys were examined and fifty per cent of them were found to have some form of spinal trouble? If those boys had been examined by a competent chiropractor when they were yet infants, these faults could have been corrected.

If your little baby is sick, weak, puny or not properly developed in some part of the body, there must be a cause and nine times out of ten it is found in the spine.

Do not wait with the expectation that baby will outlive weakness; have the spine palpated and if necessary adjusted.

Many a boy, many a girl has gone to a premature grave or lingered through life a miserable cripple when a spinal analysis made in infancy would have detected some weakness which **chiropractic vertebral adjustments** would have corrected.

**Nature is the only true healer.** Spinal adjustments eliminate the cause of the trouble and **mother nature heals.**

You say, "Oh yes, that's a beautiful theory, but like all other beautiful theories, it's too good to be true."

It is not only a beautiful theory, but it is beautifully true, as the thousands of men and women have been helped will attest any day.

## "SAVE THE CHILDREN"

The children of today will be the men and women of tomorrow. You can do this by safeguarding their health while they are still in your arms.

Consultation and spinal analysis free.

## PSALM READING TESTS AT ELLIS ISLAND

(By Associated Press)  
New York, Feb. 17.—Uncle Sam will soon be conducting great classes in reading the Psalms almost at the foot of the Statue of Liberty. The pre-war practice of examining all steerage immigrants at Ellis Island, instead of on shipboard, has been restored.

More than 1,000 men and women will read from the Psalms at the island, daily, and Miss Liberty, who stands a stone's throw from the island slip, could hear if she were incarnate.

Reading from the Psalms is the literacy test for admission to this country, which went into effect in May, 1917, and is now receiving its first real trial because immigration during the war was small. The law provides that an immigrants with a few exceptions must be able to read from 30 to 40 words in any language he or she desires. The department of labor devised the Psalm test as the fairest for all.

Immigration inspectors are equipped with cards in all languages with verses from the Psalms printed on them. All types of script are represented, German, Arabic, Hebrew, Japanese, Russian and so on, except Chinese, for that nationality is not permitted to immigrate. Lest any alien learn parrot-like the verse of the Psalm that a friend in his country had to read, the inspectors have at last 40 different verses in each language, one verse to a card.

Primary examination at the island will require many more employees. Immigration authorities have estimated that it will take \$1,000,000 more annually to increase the force to a proper size as well as to raise salaries of present employees so that skilled workers will not leave the service for private employment.

**Want 300 Legion Members Here**  
Work of enrolling new members of Jesse Dykes Post, of the American Legion is proceeding nicely but not as rapidly as the local officers wish. They hope to secure at least 300 members and feel that the Madison county post should have 500 members.

The local officers have received the instructions which Franklin D. Olier, National Commander, has issued to officials of State Legion organizations:

"No request should be made of applicant for membership in the Legion concerning his previous rank while in the service, either personally or by information asked for on any forms used by post or department headquarters. Any forms now in use which contain questions bearing on this subject should be discontinued."

This step is in accordance with the constitution of the Legion, which provides:

"The American Legion is a civilian organization; membership therein does not affect nor increase liability for military public service. Rank does not exist in the Legion. No member shall be addressed by his military or naval title in any convention or meeting of the Legion."

## "It Doesn't Mean Anything"

(By Associated Press)  
disposing of mustard gas shells made for use has been discovered by an English chemist. The contents of the shell are removed by a siphon and any liquid remaining is neutralized and removed by a solution. The mustard gas is passed into drums which are heavier than water and can be dumped into the sea. The steel shell is then broken up and remelted.

## How Wages Increase

(By Associated Press)  
Philadelphia, Feb. 17.—Philadelphia's wage scale increased 120 per cent in 1918 over 1917, while the value of production in all classes of industry increased 30 per cent, according to M. Hoke Gottschall, of the State Department of Internal Affairs. The value of Philadelphia's products for 1918 is placed at \$1,913,852,400 as compared to \$1,559,148,200 in 1917.

## SALES ON OTHER BREAKS

Lexington—Tobacco prices became steady Monday and one basket brought \$1 a pound. This basket belonged to a crop that averaged \$83.79 a hundred pounds. On account of the cold weather receipts were light. The season's low price record was smashed when one basket brought only 74¢ a pound.

Shelbyville—The tobacco market Monday was from \$2 to \$5 lower on all grades than last week. The Star house sold 373,000 pounds at an average of \$22.50 prices ranging from \$2 to \$90.

News comes from Lexington that Mr. James Soper, formerly of this city, is quite ill there.

## CONGRESS HAS DONE NOTHING FOR LEGION

**Ex-Service Men Are Said To Be Preparing "To Go To Mat" For A Just Reward**

Washington, D. C. Feb. 17.—It begins to look as though the five million men who served with the colors during the war and the Republican leaders have declared their stand of for a finish fight on the bonus or compensation question. The majority leaders have declared their stand of no compensation for this Congress and nothing but a party caucus can overturn them before they come to the mat with the soldiers. Indications that former service men over the country have put the present Congress down as faithless and inefficient and that they intend going after the "scalp" of those responsible for the party policy are coming in from various sections of the country.

The complaint of the former service men is that after a year of waiting and trusting in the pledges of the present Congress they now understand that the present body of law makers are unwilling to make a compensation adjustment in any form at this time. At a special conference of the Republican leaders held within the last few days it was decided that the men would be told they must wait before relief or adjustment will be given them.

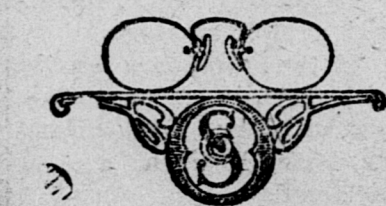

In the meantime, the American Legion representing some million and a half organized former service men, through its executive committee, has called on Congress to keep the faith it pledged the men during last summer and fall and has stated its belief that a fifty dollar bond should be given every man who served honorably during the war for every month of service as a compensation to meet the extreme living cost created largely by the unusual high compensations paid civilians during the war. In its resolution the executive committee called especial attention to the fact that the American Legion in its November convention in Minneapolis "left with confidence the discharge of this obligation to Congress," and in its next article declares that "no definite action looking to such compensation has yet been taken by Congress."

Legion officers, in respect to their resolution, point to the fact that the Congressional leaders gave them to understand last summer there would be no soldier compensation legislation until after the American Legion convention, so that Congress might have the advantage of knowing what the majority of the organized service men wanted. They further allude to the assurances given them by certain Republican leaders at the time of the convention that they could with confidence leave such a matter to Congress without specifying any fixed adjustment. Now apparently they are convinced that Congress has broken faith with them and some of the men are convinced that certain wily members of Congress have purposely schemed them into a corner where they can afford to neglect them.

The demand among the yet unorganized men who served in the ranks is said to be even more insistent than that of the members of the several soldier organizations. Proof of the pressure behind such legislation is seen in the fact that about 80 bills have been introduced in the House looking toward compensation in some form. It is evident that the Republican leaders will have a fight on their hands even among members of their own party who have introduced some of these bills in response to the influence of home sentiment.

## DARDANELLES TO BE OPENED

(By Associated Press)  
London, Feb. 17.—International of the Dardanelles, which has been forecast was definitely decided upon today by the allied supreme council. Details of control of the waterway have not been worked out.

LOUISVILLE, KY.

## NOTICE TO CONTRACTORS

Sealed bids will be received at the office of J. W. Maupin, County Clerk at Richmond, Ky., until 12 o'clock noon Tuesday, March 2nd, 1920 by the Madison County Fiscal Court for the improvement of the Richmond-Irvine road number 73cl from station No. 0 to station No. 414, a distance of approximately 7.85 miles. The improvement will consist of shaping that road, constructing necessary drainage structures, and surfacing it to a width of 14 feet with water bound macadam.

This work is a State Aid Project.

Plans may be seen and instructions to bidders specifications and forms of proposal secured at the office of the County Clerk and County Road Engineer at Richmond, Ky., and at the office of the Department of Public Roads, Frankfort, Kentucky.

Blue prints of the work may be obtained from the Geo. G. Fetter Company, Louisville, Ky.

A certified check payable to the Treasurer of Madison County equal in round numbers a 5 per cent of the bid must accompany each proposal.

The right to reject any and all bids is reserved.

J. W. MAUPIN, County Clerk Madison County  
JOE S. BOGGS, Commissioner Public Roads

## COATES ON LINCOLN

(Continued from Yesterday)

Only in the last few days, in our sister city of Lexington we have seen what it means to be an American citizen. A fiend in human form had murdered a little girl. For him no one has the slightest pity or excuse. But he was an American citizen and we saw the strong arm of this great and powerful Nation thrown around him in protection until his guilty life shall be taken by law. We saw Kentucky citizens shot down because of their attack—not upon a negro murderer—but upon the majesty of the law.

This protection of the law is our priceless heritage for which every man should be willing, if need be to die. It is the pearl of great price. The lives of none are safe except the lives of all are safe. The life and property of the greatest is in danger when the life of the meanest is in danger. All that stands between us and anarchy, between us and the red terror is the stern arm of the law. Let that arm once be paralyzed whatever may be the occasion of the provocation and the house of civilization falls.

"Government of the people, for the people and by the people" shall not disappear from the face of the earth. The laws made by the people for the protection of the people shall be enforced by the agents of the people cost what it may. The law, the supremacy of the law, we should resolve now to support—now and always.

## "Noblesse Oblige."

The new social order demands that those who have the highest talents, the greatest mental endowment, devote them to those who are less fortunate, in service that will elevate and ennoble those with whom we live.

PUBLIC UTILITIES  
PASS COAL RAISE ON

(By Associated Press)  
Washington, Feb. 17.—Because their coal is purchased under contract public utilities are charged the recent 14 per cent wage increase granted miners on coal they buy and they in turn have to pass the increased cost on to their patrons, representatives of utility corporations testified today before the coal strike settlement commission and the senate coal investigation committee. A witness said there is apparently a general belief that the operators have agreed to absorb the 14 per cent increase or all coal mined but as a matter of fact they have agreed to absorb it only or coal not purchased under contract.

## COHEN ON REMOUNT BOARD

Washington, Feb. 17.—Maj. John T. Sallee, Louisville, was detailed by the War Department today as a member of the Remount Board of the army which will act in an advisory capacity to the Chief of Staff on matters pertaining to horses in the army.

Major Sallee has been stationed in Washington, where he is in command of a veterinary detachment.

Matt S. Cohen, Lexington, former Commissioner of Agriculture and David M. Look, New York prominent breeder of horses and owner of the Castleton estate near Lexington, were appointed civilian members of the board.

## Held Under \$200 Bond

Raymond Munday a local colored youth, was arrested by Deputy Sheriff Sant Bush Monday on a charge preferred by a colored girl named Estill, who is said to be under 16 years of age. His bond was fixed at \$200, pending trial next Friday in county court. He was released on bond with W. B. Turley as surety.

## Witness Didn't Appear

In county court Tuesday Judge W. K. Price dismissed a breach of the peace charge that had been filed against Neal Million, colored of Cottonburg, by a colored woman named Benton, of the same community. The woman failed to appear in court to press the charge she had made that Million had made insulting proposals to her.

## HEARD ABOUT TOWN

An honest man found the overcoat which M. C. Murphy, of the staff of the W. F. Higgins store, advertised for in the Daily Register yesterday. He read the adv. in the paper and took the garment to its owner, who was very appreciative. It pays to advertise.

Harrodsburg won its suit against J. B. Thompson for \$5,000 taxes on whisky disposed of prior to prohibition, his defence that the city taxed whisky sales which its ordinances prohibited, not prevailing.

The First National Bank of Stanford, will erect a handsome banking home on the lot, now occupied by a grocery, bought from S. H. Baughman for \$6,500.

Tobacco sales at Bowling Green during which 9,500,000 pounds have been sold to date, will close Feb. 26.

Harrison, Tenn., parties will establish a hosiery mill at Somerset soon, and a bottling plant is another new industry to be opened by Stephen Jones.

Mrs. A. C. Cassidy, of Louisville is asking renewal efforts to learn the fate of her brother, John Locke, soldier last heard from in France 18 months ago, whom the War Department has been unable to trace.

George C. Holloway, 63, former Jessamine sheriff died at Nicholasville after a short illness from pneumonia.

An operation for foot trouble in a Maysville hospital revealed a thorn which H. C. Caudill of Flemingsburg stepped on 18 years ago.

One end of the residence on the Rainey Smith farm, in Nicholas county just purchased by Mack Hammonds, was wrecked when a stone chimney collapsed.

A group of philanthropic alumni at Danville have equipped a community room for students of Centre College at Danville in the gymnasium building which will have the functions of the club.

Song—"Everyone Is Meant For Someone" Peggy Lathrop

Dance—"Anitras" Patsey Shelly

Come in today and we will gladly play any of these records for you.

## MUNCY BROTHERS

### DIRECT DEALING PAYS BEST

When cream is ready to sell, the hard work has been done and you should not permit any outsiders to make an extra profit off your efforts.

You can ship your cream DIRECT to the Tri-State and save from 3 to 5 cents per lb. of butter-fat. It is just as easy to deliver the cream to a railroad station as to a buying station. The Tri-State pays the freight and guarantees your cream against loss in transit.

Mrs. Thos. Daulton, Peebles, O. writes us on Nov. 25, 1919—"I have shipped cream to the Tri-State Butter Co. for three years and have been satisfied. I have sold cream to cream stations in order to return the empty can with me, as I live 9 miles from the railroad and always lost from \$1.50 to \$2.00 on every can of cream sold to agents.

**We Pay the Freight and 67 cts**  
per Pound for Butter Fat  
Feb. 16th to 22nd Inclusive

### THE TRI-STATE BUTTER COMPANY

Cash Capital \$250,000  
CINCINNATI, OHIO

If you need cans, write for Free Trial Cans.  
35,000 cream producers find it most profitable to ship direct.

### PERSONAL AND SOCIAL

The following handsomely engraved announcements have been received here:

Mrs. Laura A. Wiggins announce the marriage of their daughter Rachel

to  
Mr. W. Overton Harber  
on Thursday the twelfth of February one thousand nine hundred and twenty Paris, Kentucky

The Woman's Club which had virtually disbanded while so many of its members were engaged in war activities held a business meeting Monday afternoon and voted to contribute \$50 to the drive for the Young Woman's Christian Association and the remainder in the treasury was given to the Associated Charities of Richmond.

Mrs. Sallie Frost is much improved after her recent illness.

Col. R. C. Oldham, of Winchester, was with his parents here Tuesday.

Miss Elveroe Gentry spent the week-end with Miss Elizabeth Turpin.

Numerous friends will be grieved to hear of Mrs. C. D. Pattie is critically ill.

Mr. and Mrs. G. W. Goodloe and Mrs. J. W. Crutcher spent Tuesday in Lexington.

Mrs. J. D. Chambers has returned from Irvine where she visited her sister, Mrs. J. R. White for several days.

Mrs. J. J. Edwards is very ill at the home of her daughter, Mrs. C. H. Pigg.

Tom Caden was called to Lexington today on account of the illness of his mother.

Mr. and Mrs. Joseph B. Arnold have returned to Louisville after a visit to relatives here.

Mrs. T. J. Collins is somewhat improved after a severe attack of flu, her friends are glad to learn.

Mr. and Mrs. Martin Gentry, of Moberly, were guests of Mr. and Mrs. Sim Turpin for a week-end visit.

Mr. W. L. Arnold, the popular wholesale grocer has been confined to his home with flu the past week.

Friends will be glad to hear that Mrs. B. F. Edwards of College Hill is out again after several days illness.

Mrs. Rodman W. Keenon, of Harrodsburg, is the guest of her brother, Mr. Beecher Adams and Mrs. Adams.

Mrs. J. B. Walker and Mrs. Dan Walker will go to Louisville this week where the latter's husband now has a nice position.

Miss Lillian Broadbuss was here from Irvine Monday en route to Lexington where she is a student at Hamilton College.

William Arnold, Jr., who has been ill at North Middletown school with flu is at home with his parents on Lancaster avenue.

Mr. and Mrs. Overton Harber are expected home today and will be with the former's parents, Mr. and Mrs. D. S. Harber on New Broadway.

Mr. W. P. Kincaid came down from Richmond Monday to see his daughter, Mrs. M. S. Burnside, who is quite sick. Mr. Burnside is also ill.—Stanford Journal.

Friends and relatives here will regret to hear of the serious illness of A. B. Oldham, Jr., who is in a dangerous condition from double pneumonia at the home of his parents in Mt. Sterling. Mr. Oldham is a nephew of W. D. Oldham and frequently visits here.

Messrs. R. C. Oldham and D. C. Wiggins were over from Winchester Tuesday visiting their parents. They have just returned from the Louisiana oil fields, which are now the sensation in the oil world. Both have many profitable investments in oil properties.

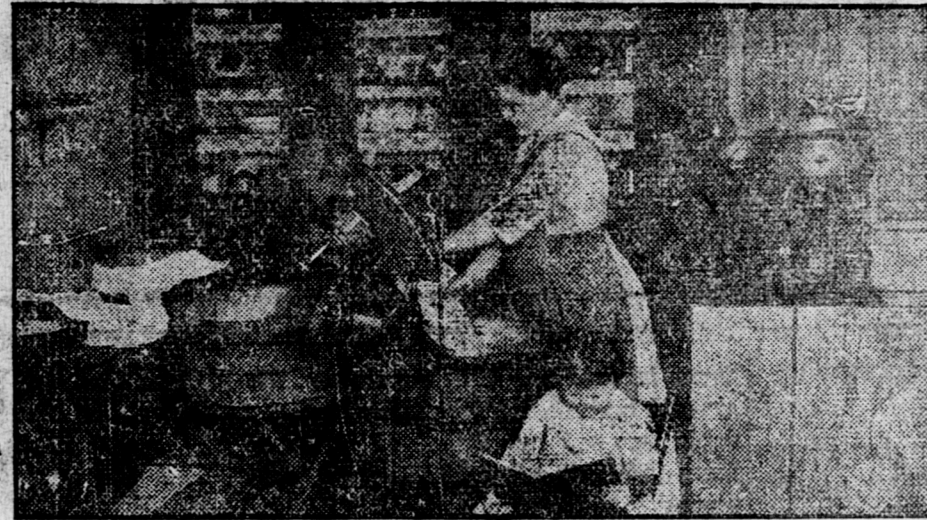

Mrs. C. B. Scott, of San Francisco, and Mrs. W. F. Gregory, of Louisville, are guests of Dr. and Mrs. R. E. Million.

## LALLEY LIGHT and POWER

Saves the Wife's Strength

In a dozen ways, Lalley Electric Light and Power save time and labor and strength for the farm wife.

With a Lalley in the basement, for example, the days of carrying water are over. For Lalley supplies the power to pump water to the kitchen, the wash house, the dairy—anywhere.

Lalley saves women the heavy work every day of the week—washing, ironing, sweeping, separating cream, churning. As there are no lamps to be filled or trimmed many tiresome hours a day are saved.

But let Lalley owners themselves tell you the story. They are much better qualified than we are.

Lalley Light is a complete unit—engine and generator—with 15-cell storage battery. It supplies ample electricity for lights, water pump, washing machines, sweeper, cream separator, tanning mill, iron, etc., etc.

C. A. Larson, Holdrege, Neb., says the Lalley is one of the best investments he ever made. "We are well pleased with the splendid light, and the power for pumping water all through the house, and operating the washing machine and other light machinery. Also the immense amount of work it saves in not having to wash dirty lamp globes and carry water."

Otto Frauen writes from Chapman, Neb., that his wife says she'd rather be without an automobile than their Lalley plant. "My wife is rid of the daily task of cleaning and filling kerosene lamps," says G. A. Lamont, Glidden, Ia. "When wash day comes her washing-machine and the Lalley save her two or three hours of the hardest work a woman has to do."

"Lalley saves the women a lot of time in cleaning and filling lamps," writes J. D. Barr, from Liberty, Neb. "It also sweeps the house with a vacuum cleaner."

On your farm, the Lalley will do the same saving as on others. We want you to see the plant—here or at your home. Will you come in or send for us?

### SAYS HOUSEWORK IS EASIER NOW THAN FOR YEAR

Vola-Tonic Brought Strength And Made Her Health Better All Over

Over a year ago Mrs. Mary Mullin, 725 West Ninth street, Cincinnati, O., started going down in health.

She finally got so that she was troubled with indigestion and constipation and couldn't sleep right at night and her housework became a burden.

Recently Mrs. Mullin started taking Vola-Tonic, "Builder of Strength."

"I feel better since taking Vola-Tonic than for a year and my housework is easy now," Mrs. Mullin said after taking Vola-Tonic a short time.

"I really noticed that my health was getting poorer five years ago but the past year it has gotten worse rapidly."

"I was troubled with indigestion. Nothing I ate agreed with me but caused gas to form on my stomach which resulted in pains and a pressing against my chest. I was so badly constipated that I had to take laxatives all the time. My sleep was broken every night too. It was impossible for me to get through a night without waking frequently and, of course, I didn't get much rest."

"As I said, I feel better now than for a year and my housework is easier than it has been in that length of time."

"Vola-Tonic has completely banished the indigestion and constipation. Food agrees with me now and the gas on my stomach and pressing pains are gone. My bowels are regular also. I never have to take laxatives."

"Vola-Tonic also enabled me to sleep soundly nights and get proper rest. I never wake up from the time I go to bed until morning and then I arise refreshed."

If you are feeling weak and run down get Vola-Tonic, "Builder of Strength"—TODAY!

Vola-Tonic is being especially introduced in Richmond at the Richmond Drug Co.

Some Limb of a Comp. Did This. Parish Magazine—"In our last number for 'Fleur de legs' read 'Fleur de lys.'"—Boston Transcript.

No Written Music in Siam. In Siam music is never written, but learned by ear and handed down from generation to generation.

Use Water Sparingly. An Arab drinks cold water with a spoon, and never bathes in it unless his home be on the seashore.

### HIGHEST IN HISTORY

Were Farm Wages in United States  
During Past Year

(By Associated Press)  
Washington, Feb. 19.—Farm wages were the highest in the history of the United States last year, the Department of Agriculture announces. For labor hired, by the month with board, the average for the country as a whole was \$39.82, without board it was \$56.29. Harvest wages per day with board reached the top figure of \$4.48 in the North Central States west of the Mississippi River. The lowest farm wages are in the South Atlantic States, with the South Central States next lowest. Monthly wages with board were highest in the Western States, including the Mountain and Pacific States where the average was \$62.96 while without board it was \$87.12.

Farming operations of 1919 produced crops that had a value at the farm that was 11.8 per cent above 1918, and animal products 9.9 per cent above, but the gain in wages of farm labor was relatively greater. Wages by the month with board increased 14 per cent, without board 15.3 per cent and day wages in harvest, 18.9 per cent.

"These figures indicate," says the Department of Agriculture, "that the

farm laborer is still regaining the ground he lost, relatively, early in the rapid upward movement of prices of farm products after 1915. This wage recovery was evident in 1918 as well as in 1919, but full recovery has not yet been accomplished."

### PREPARING FOR TRUCK TOUR

Preparations are going forward for the truck tour of Central Kentucky, which begins April 19 and will continue for probably a week, thru all the Central Kentucky towns and counties, during which demonstrations will be given and talks made in every town and county visited.

The tour, it is stated by the committee in charge J. E. Kittrell, George B. Shely and J. T. Pride, of Lexington will be purely of an educational nature and in no sense a selling proposition.

The tour is to be conducted on the same plan as the national tour, in which demonstrations of the farms, the trucks were given on the farms, as well as in the towns visited. No particular make of truck is to be given extra prominence during the tour, but each will go into the trip with the sole idea of promoting the wider use of trucks.

### Daily Thought.

Never anger made good guard for itself.—Shakespeare.

## FIND OUT JUST WHAT CAUSES YOUR RHEUMATISM

Then You Will Be Able to Treat It Intelligently.

The medical profession has not yet fully determined all of the causes of Rheumatism, though they are pretty well agreed on two points.

The first is, that the disease is more than a mere local trouble, that the pangs of pain come from a source that is far below the surface, and therefore it is not reasonable to expect any rational relief from a treatment that is locally applied and reaches only the surface.

When you realize the logic of this conclusion, you will see that you are really wasting your time and money if you are expecting any permanent relief from the use of liniments, lotions, and other locally applied treatment, which can only reach the surface, and have no effect whatever upon the origin of your trouble.

Any disease should be treated at its source, and especially one that causes as much suffering as Rheumatism. The only treatment worth while is one that will show progress toward getting at the source of the disease, and freeing the victim from its shackles.

The other point that the medical profession has agreed upon, is that some forms of Rheumatism

are caused by a tiny disease germ in the blood, which multiplies by the million, and until these germs are routed from the blood, you can see how futile local treatment will be. In fact, you can use liniments by the gallon and never hope to reach the cause of your trouble.

So many people have found real permanent relief from their Rheumatism by the use of S. S. S. that its use is justified in practically every case. Certainly if your Rheumatism is due to a germ in the blood, as so many thousands of cases are, you should lose no time in beginning the use of S. S. S., because you can rely upon this fine old blood remedy to do you more good than any other treatment.

S. S. S. is beneficial in Rheumatism because it is such a thorough blood medicine. It cleanses the blood of all impurities, and eradicates the germs which cause Rheumatism. The wonderful results it has accomplished in other cases is proof of its great merit. S. S. S. has been on the market for more than fifty years and is sold by all druggists.

You are invited to write our medical department for full information and advice about the treatment of your own case, for which no charge is made. Address Chief Medical Adviser, 11 Swift Laboratory, Atlanta, Georgia.

## Mr. Farmer

Every time you have any poultry, eggs or a hide to sell call me at Phone No. 70 before selling, and get my prices. You will find that my prices are always as much as that of others and that most of the time they are higher. The fact that I buy at least two-thirds of all the poultry and eggs that farmers of Madison county bring to Richmond proves my statement that I always pay the top price.

Bring your produce to me at Wides' old stand on Irvine street, next door to the Union Supply Company.

# L. T. Wilson

## SELLS FOXTOWN FARM AT PROFIT OF \$1,000

Mr. Robert Thorpe recently sold his 20-acre farm near Fox-town to Mr. Jason Riddell at \$300 an acre. Less than a year ago he bought the tract from Mr. Gordon Burgin, of that section, for \$5,000 realizing \$1,000 profit on the investment. Mr. Thorpe has rented his brother, S. H. Thorpe's 100-acre farm this year on the Lancaster pike, about 1 1/2 miles from town.

### Summer Home On River

Mrs. Tandy Hughes, Lexington, purchased a tract of 25 acres of land from Charles Hager, near Valley View, on the Kentucky river. Mrs. Hughes will improve the property and occupy it as a summer home.
